- Available in black.

### Uses:

Gardening, planting trees, fruit picking, garbage, among others.

---

Capacity: **55 Liters**  
Dimensions: **43 cm high x 43 cm diameter**  
Material: **Durable plastic**  
Reference: **202.5**

## 55L Bucket Lid

- Plastic lid for the 55L.
- Resistant to heat and cold.
- Strong and durable.
- Easy to wash.
- Available in various colors.

---

Dimensions: **47 cm diameter**  
Material: **Durable plastic**  
Reference: **202.43**

## 40L Bucket

- Heavy-duty multi-purpose plastic bucket.
- Resistant to heat and cold.
- Strong and durable.
- Easy to wash.
- Available in black.

### Uses:

Gardening, planting trees, fruit picking, among others.

---

Capacity: **40 Liters**  
Dimensions: **31 cm high x 44 cm diameter**  
Material: **Durable plastic**  
Reference: **202.4**

## 42L Flexible Multipurpose Basket

- Modern flexible multipurpose basket.
- Resistant to heat and cold.
- Strong and durable.
- Easy to wash.
- With anatomic handle.
- Available in black and several colors.

**Uses:** Basket of clothes, gardening, decoration, cleaning products store, shopping basket, store toys, among others.

---

Capacity: **42 Liters**  
Dimensions: **31cm high x 43cm diameter**  
Material: **Flexible Plastic**  
Reference: **200.006** (colors) / **202.41** (black)

## 42L Flexible Multipurpose Basket, with holes

- Modern flexible multipurpose basket with holes.
- Resistant to heat and cold.
- Strong and durable.
- Easy to wash.
- With anatomic handle.
- Available in black and several colors.

**Uses:** Basket of clothes, gardening, decoration, cleaning products store, shopping basket, store toys, among others.

---

Capacity: **42 Liters**  
Dimensions: **31cm high x 43cm diameter**  
Material: **Flexible Plastic**  
Reference: **200.007** (colors) / **202.42** (black)

## 17L Bucket

- Multipurpose bucket with wire and plastic handle.
- Resistant to heat and cold.
- Strong and durable.
- Available in black.

**Uses:** Transport of water, sand, construction, fruit picking, among others.

---

Capacity: **17 Liters**  
Dimensions: **25.5cm high x 18cm diameter**  
Material: **Flexible Plastic**  
Reference: **200.099**

## 12L Bucket

- Multipurpose bucket with wire and plastic handle.
- Resistant to heat and cold.
- Strong and durable.
- Available in black.

**Uses:** Transport of water, sand, construction, fruit picking, among others.

---

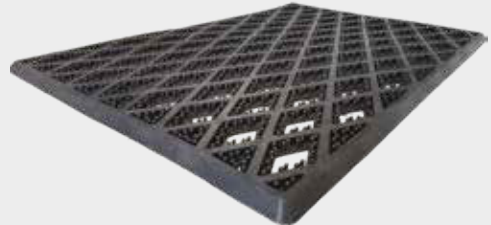

Capacity: **12 Liters**  
Dimensions: **23cm high x 15cm diameter**  
Material: **Flexible Plastic**  
Reference: **200.00**

# CARPETS

Interior / exterior carpet with different designs, high strength and durability thanks to its highly resistant plastic composition.

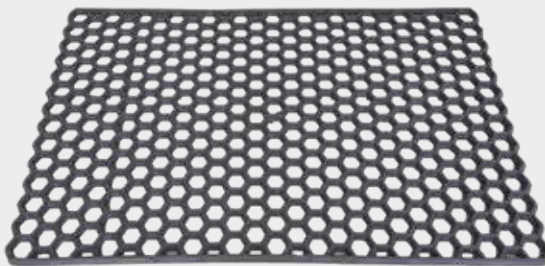

## XADE CARPET

- Ideal to prevent the entry of dust and dirt.
- Anti-slip and easy to clean.

Dimensions: **60cm x 40cm**  
Material: **PVC**  
Reference: **200.4**

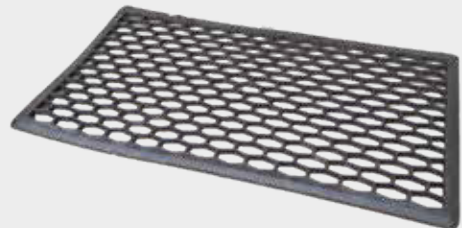

## FAVO CARPET

- Ideal to prevent the entry of dust and dirt.
- Anti-slip and easy to clean.

Dimensions: **60cm x 40cm**  
Material: **PVC**  
Reference: **200.5**

## HEXAGONO CARPET

- Ideal to prevent the entry of dust and dirt.
- Anti-slip and easy to clean.

Dimensions: **70cm x 40cm**  
Material: **PVC**

- Resistant to heat and cold.
- Strong and durable.
- Easy to wash.
- Possibility to manufacture in several colors, on request.
- Available with or without holes in the sides.
- Stackable.

Capacity: **50 Liters**  
Dimensions: **60 x 40 x 30 cm**  
Material: **Sturdy plastic**  
Reference: **202.77**

### Examples of use:

Harvesting, gardening, fruit picking, among others

## OUR COMPANY:

### Plastiversity, Lda.

PLASTIDIVERSITY is a Portuguese industrial company specializing in mass production of plastic articles, with innovative design, resulting from research and technological development itself.

The Company Know-how was acquired by its founder, over 30 years of experience and practical exercise, having been transferred and projected to a tactical deployment and establishment of the Company, consolidating its development, expansion and diversification of products specially dedicated to international market.

Its evolution, led to a dynamic economic support system, which is in constant evaluation of results, reformulating and expanding, accordingly to the size of our structures (organizational and operational).

The technical and technological progress is increasing our capacity to higher levels, updated methods of information, training and retraining of technical and administrative staff. Simultaneously, the company pursues a significant investment in management and control of human resources associated with the acquisition and modernization of equipment and the introduction of appropriate technologies that enhance innovative quality standards gradually become more competitive in its production, increasing its manufacturing capacity and increasing, with some notoriety, its implementation in the international market.

Produced by:

PLASTDIVERSITY- Comércio de Artigos de Plástico, Lda  
Rua dos Alentojeiros, nº 136 - Apartado 4  
3091-902 Marinha das Ondas - Portugal
