## FLIES & OTHER INSECT TRAPS

PAGES 11-13

# BAIT STATIONS

SAFE

RESISTENT

DURABLE

## BAIT STATIONS ARE USEFUL BECAUSE THEY:

- Protect bait from moisture and dust, making the bait more acceptable to the target animals
- Provide a protected place for rodents to feed, allowing them to feel more secure
- Keep non-target animals and children away from bait that may be hazardous to them
- Help prevent the accidental spilling of bait
- Let you inspect bait easily to see if rodents are feeding

ALL BAIT STATIONS WITH  
KEY AND WALL ADAPTER

## neptuno

Mice and Rat bait Station

- Double lock for safety
- Removable bait tray inside
- Bait rod to insert blocks
- Designed to use Glue Board G2, Drinking through and Snap trap
- Opening against the wall

235 x 185 x 90 mm

- Security system which prevents people to open the cover with the hands
- Bait rods security system

with bait block  
and drinking through

with Glue Board G2

with rodenticide

## rock

Mice and Rat bait Station

- Realistic imitation of a stone
- Well camouflaged
- Drawer system for rodenticide placement
- Tamper resistant
- Can be fixed in permeable soil with a stake
- Can be fixed in impermeable soil with screws

240 x 200 x 110 mm

Features

Station with rodenticide

# beta2

Mice and Rat bait Station

230 x 190 x 95 mm

- Security system which prevents people to open the cover with the hands
- Bait rods security system

- Double lock for safety
- Removable bait tray inside
- Pins below and holes inside to facilitate drainage
- Secure bait rod<sup>1</sup>
- Designed to use glue board G1 inside<sup>2</sup>, bait, snap trap.

# coral

Mice and Rat bait Station

220 x 125 x 75 mm

- Security system which prevents people to open the cover with the hands
- Bait rods security system

- Locking system on the side
- Opening to the side
- Bait rod to insert blocks
- Fits under pallets

# pilot

Mice and Rat bait Station

350 x 275 x 95 mm

- Security system which prevents people to open the cover with the hands
- Bait rods security system

- Bait rods in vertical and horizontal position
- Semi transparent lid for better control
- Removable bait tray inside
- Can be used with glue board G2
- Can be used with snap trap

# apollo

Mice and Rat bait Station

610 x 320 x 490mm

- Security system which prevents people to open the cover with the hands
- Bait rods security system

- Lock for safety
- Opening to the side
- Sturdy, made to last
- Removable bait tray
- 4 Bait rods to insert bait in vertical position
- 1 Bait rod to insert bait in horizontal position

with bait block in vertical position

with bait block in horizontal position

with Glue Board G3

with 2 rat traps SUPER TRAPPER

# bora

Mice and Rat bait Station

325 x 255 x 155 mm

- Security system which prevents people to open the cover with the hands
- Bait rods security system

- Double locking system
- Long life service
- Bait rods in horizontal position
- Made of high grade polypropilene
- Opening against the wall

# first

Mice and Rat bait Station

- Angled entry ramps ensure rats and mice enter first time
- Open to the side
- Design similar to a tube
- Bait rod can be used in vertical and horizontal position

371 x 104 x 104 mm

- Bait rods security system

# rst trap

Mice and crawling insect bait station

- To use with bait and Universal Glue Board (sold separately)
- Locking system
- Bait rod to insert blocks
- Available in clear for better control

210 x 160 x 60 mm

- Bait rods security system

# peti

Mice bait Station

125 x 100 x 40 mm

- Security system which prevents people to open the cover with the hands

- Locking system for safety
- Low profile
- To use with rodenticide
- Semi-transparent for better control

SINGLE USE: Once closed is not possible to open again

# delta

Mice and Rat bait Station

310 x 220 x 125 mm

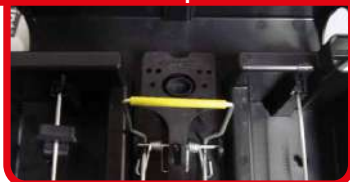

- Bait rods security system

- Clear window for better monitoring
- Can be used with a drinking through or a snap trap
- Open to the side
- Locking system for safety

with drinking through

with rat trap inside

# alpha

Mice and Rat bait Station

- Holes to facilitate drainage
- Angled entry ramps ensure rats and mice enter first time
- To use with rodenticide and glue boards G1

240 x 105 x 95 mm

- Security system which prevents people to open the cover with the hands
- Bait rods security system

# eris

Mice Bait Station

- Wall adapter (sold separately)
- Locking system for safety
- Pin to insert block
- Low profile

170 x 70 x 50 mm

- Security system which prevents people to open the cover with the hands

# OTHER TRAPS

INSECT MONITORS, COCKROACH TRAPS, UNIBOX AND PLASTIC MULTIPLE CATCH TRAPS CAN BE USED TO:

- Monitor cockroaches and crawling insect's populations
- Determine the success of control programs
- Determine areas of heavy and mild infestation

## INSECT MONITOR

108 x 88 x 17 mm

- To use with Insect Monitor Glue Board (sold separately)
- The insects get caught in the glue board and when full you simply swap it out for a new one
- Semi-transparent for better control

ACCESSORIES INCLUDED IN THE PACK:

Glue Board

## GLUE TRAPS G1, G2, G3

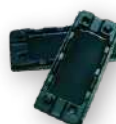

The baited glue traps can be combined with the other rat trap bait stations, for a bigger efficacy and security

- Non toxic
- Ready to use

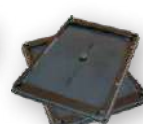

G1: 130 x 56 x 10 mm

G2: 177 x 130 x 10 mm

G3: 258 x 130 x 10 mm

G1

G2

G3

Combinations: NEPTUNO (G2) | BETA2(G1) | PILOT (G2) | APOLLO (G3) | ALPHA (G1)

NEPTUNO

BETA

PILOT

APOLLO

ALPHA

## G2/G3 TUNNEL

- Protective cover to extend the life of G2/G3 Glue Boards

### GLUE BOARDS

G2

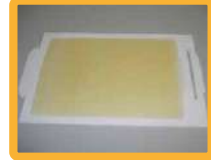

G3

130 x 293 mm

## 72MB GLUE BOARD

- For mice, hobo spiders, roaches and scorpions
- Non-toxic
- Glue with attractive
- Ready to use

120 x 130 mm

## GLUE TRAPPER

POISON FREE

TO USE WITH GLUE BOARD G1  
(SOLD SEPARATELY)

- For mice, hobo spiders, roaches and scorpions
- Non-toxic
- Ready to use

PACK: 2 GLUETRAPPERS  
+ 2 PAIRS OF G1 GLUE BOARD

140 x 73 x 43 mm

## MULTIPLE CATCH TRAP

PLASTIC / METALIC

- For mice, hobo spiders, roaches and scorpions
- To use with mouse glue board (sold separately)
- Non-toxic
- Ready to use

PLASTIC MODEL

METALIC MODEL

PACK: + 1 MOUSE GLUE BOARD

270 x 170 x 50 mm

## ELECTRONIC RAT STATION

- No noise
- Clean
- Efficient
- Works with batteries

260 x 100 x 220 mm

## UNIBOX

### TRAP FOR MICE & CRAWLING INSECTS

- To use with universal Glue Board (sold separately)
- Locking system for safety
- Ideal for the food industry
- Reusable

With a key

205 x 120 x 40 mm

## COCKROACH PAPER TRAP

- Monitoring trap for cockroaches and crawling insects
- With attractive on the glue
- Non-toxic
- Ready to use

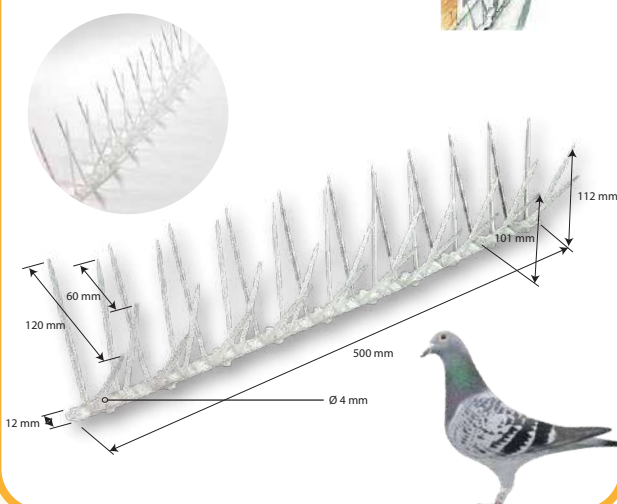

See how it works:

203 x 110 mm

## BIRD SPIKE

### WITH UV PROTECTION

## SLUG & SNAIL STOP

- Stops slugs and snails from eating up your garden
- Clever and simple - just bury and fill with beer
- Simple and effective
- Non-toxic and Reusable

# SNAP TRAPS

- More powerful
- Bay tray for attractant
- Easy to use

## SUPER TRAPPER

140 x 80 x 80 mm

## MINI SUPER TRAPPER

110 x 50 x 60 mm

## RAT TRAP PT

140 x 80 x 80 mm

## WIRE SNAP TRAP

Big: 145 x 75 x 100 mm

Small: 110 x 50 x 70 mm

# FLY & INSECT CONTROL

- Monitoring of flies and other insects
- Non-toxic products
- Different types of use
- Clean and effective traps

## FLY CONTROL SPIRAL

- No poison
- Clean
- Effective
- Packs of 4 rolls

Exhibit Box with  
24 packs of 4

HOME | GARDEN

## ECOTRAP

- Monitoring of flies and wasps
- To use with a soda bottle
- Effective
- Ecologic
- Non-toxic

PACK WITH ATTRACTIVE  
FOR FRUIT FLIES AND WASPS

## B-TRAP

- Monitoring of flies and wasps
- To use with a soda bottle
- Re-usable
- Easy pest disposal
- Non-toxic

PACK WITH 6 UNITS

Soda Bottle WASP TRAP

PACK WITH ATTRACTIVE  
FOR FRUIT FLIES AND WASPS

## FLY STOP

- Use suspended

## ATTRACTANT

- 100% natural
- Ecological
- With no poison
- Very Effective

50 gr

1 kg

3,5 kg

## GP15 / GP30

USE WITH GP15 & GP30 GLUE BOARDS

- No Noise
- Clean
- Efficient
- Low Cost Concept
- Pesticide free

30 M<sup>2</sup>

60 M<sup>2</sup>

PACK: 2 GLUE BOARDS INCLUDED

- Outdoor/indoor use
- use suspendend
- Yellow colour (attractive to insects)
- Divisible into two parts
- Non toxic
- Sold in 10 units packs

400 x 250 mm

# CONTRACT MANUFACTURER

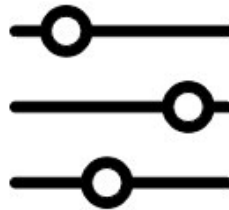

From an idea to your own unique product. With a focus on customer satisfaction and specificity, Plastdiversity has manufacturing services to serve customer needs.

## INITIAL IDEA

### BRAINSTORMING

Discussion of ideas with the client, commercial managers and PLASTDIVERSITY specialized engineers

## PROTOTYPING

Printing a 3D model so the customer can have a real approximation of the final product and make decisions before the final mold manufacturing

## MOLD MANUFACTURE

Mold Manufacture by our specialized personnel, with quality materials that guarantee its durability.

## FINAL PRODUCTION

### MANUFACTURE/EXPEDITION

We assure speed and quality of the final product. We manage the whole expedition process (FOB).

## OUR COMPANY:

### Plastiversity, Lda.

PLASTDIVERSITY is a Portuguese industrial company with more than 20 years of existence, specialized in mass production of plastic articles, under innovative design, resulting from research and technological development itself.

The Company Know-how was acquired by its founder, over 30 years of experience and practical exercise, having been transferred and projected to a tactical deployment and establishment of the Company, consolidating its development, expansion and diversification of products specially dedicated to international market.

Its evolution, led to a dynamic economic support system, which is in constant evaluation of results, reformulating and expanding, accordingly to the size of our structures (organizational and operational).

The technical and technological progress is increasing our capacity to higher levels, updated methods of information, training and retraining of technical and administrative staff. Simultaneously, the company pursues a significant investment in management and control of human resources associated with the acquisition and modernization of equipment and the introduction of appropriate technologies that enhance innovative quality standards gradually become more competitive in its production, increasing its manufacturing capacity and increasing, with some notoriety, its implementation in the international market.

Produced by:

PLASTDIVERSITY- Comércio de Artigos de Plástico, Lda  
Rua dos Alentojeiros, nº 136 - Apartado 4  
3091-902 Marinha das Ondas - Portugal
